

***TECHNOLOGY THAT INCREASES
PRODUCTIVITY,
NOT COMPLEXITY***

Integrated solutions in automation,
robotics, and industrial vision.

15 YEARS OF EXPERIENCE.

ONE SINGLE GOAL: PERFORMANCE.

Specialists in Industrial Automation

Integrated hardware + software solutions

Engineering-driven approach

Continuous technical support

***WE TRANSFORM INDUSTRIAL COMPLEXITIES
INTO SIMPLE, ROBUST, AND SCALABLE SOLUTIONS.***

WHAT WE DO?

Project Management

Total control

Industry 4.0

Data, efficiency, visibility

System Integration

Everything works together

Electrical Panels

Safety and reliability

PLC/HMI Software

Intelligent control

Traceability System

Knowing where and when

Vision system

Advanced vision system

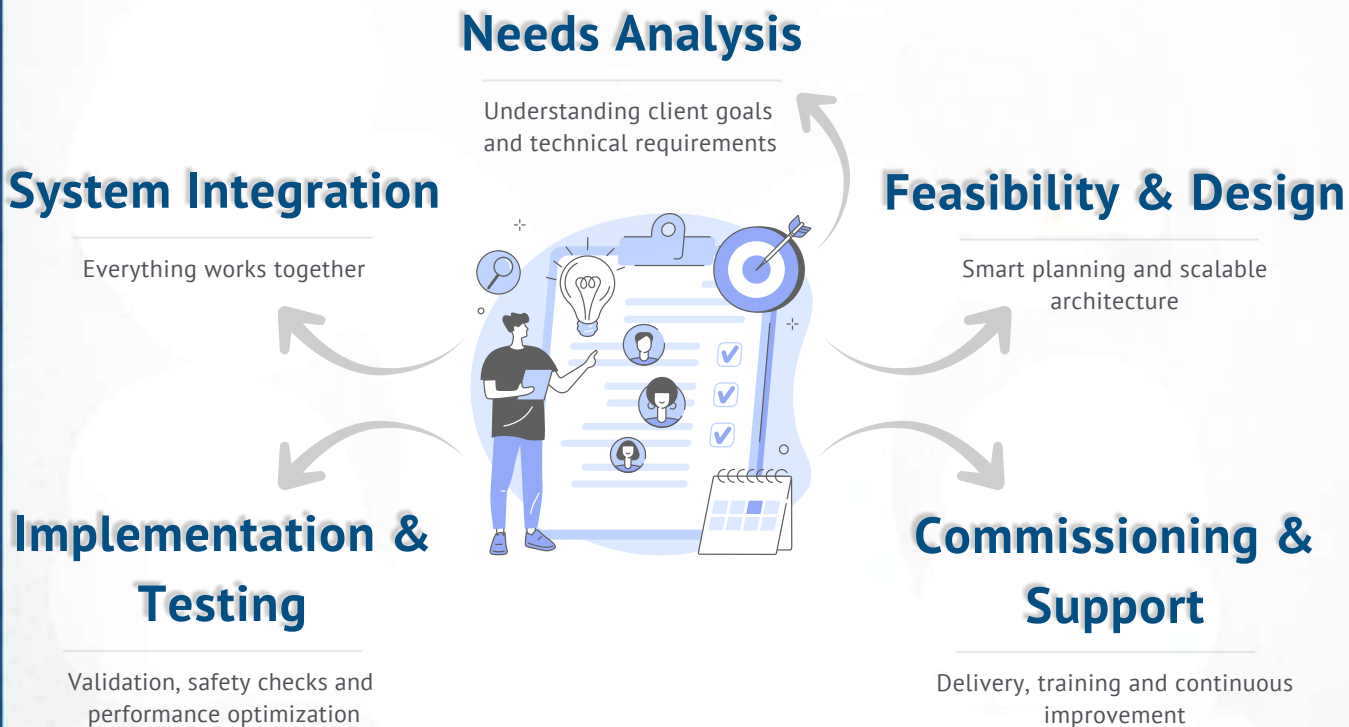

Robotics

Automated precision

PROJECT MANAGEMENT

FROM CONCEPT TO COMMISSIONING

EFFICIENCY

Optimized
workflow

RELIABILITY

Proven
industrial
standards

SCALABILITY

Ready
for future
expansion

INDUSTRY 4.0

WHEN EVERYTHING COMMUNICATES, EVERYTHING IMPROVES

ROBOTICS

ADVANCED AUTOMATION FOR EVERY PRODUCTION NEED

Collaborative Robots

Safe integration alongside human operators

PLC Programming

Precise control and coordinated motion

Vision Alignment & 3D Sensor

High-accuracy detection and measurement

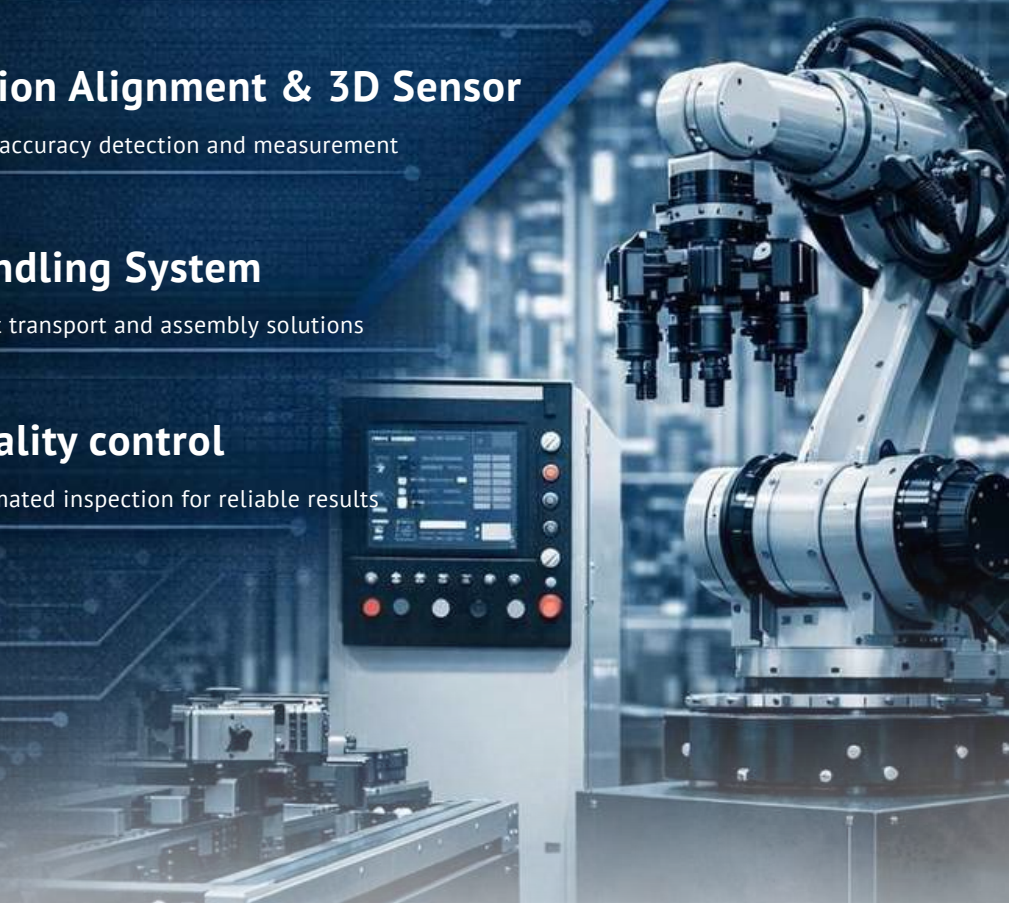

Handling System

Smart transport and assembly solutions

Quality control

Automated inspection for reliable results

EFFICIENCY, PRECISION & SAFETY

A detailed view of a white industrial robotic arm with multiple joints and sensors, mounted on a black base. To its left is a control panel with a digital screen displaying data and several physical buttons. The background is a blurred industrial setting with blue lighting and circuit-like patterns.

BLOCK MAKING MACHINE

- COLLABORATIVE ROBOTS
- PLC CONTROL
- HANDLING SYSTEM
- PRECISION POSITIONING

PACKAGING

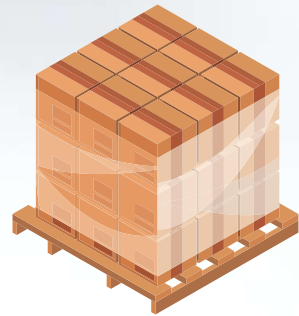

Automatic Packaging

Fast and flexible

Labeling

Precision and
full traceability

Palletizing

Stable stacking
and optimized
logistics

***AUTOMATION, RELIABILITY AND SEAMLESS INTEGRATION.
FROM PRODUCTION TO PACKAGING***

SERVIZI & ASSISTENZA

ALWAYS BY YOUR SIDE, BEYOND SUPPLY

Technical Support

**Training &
Operation Guidance**

**Spare Parts &
Components**

**AUTOMATION
AND LOGISTICS**

**Multilingual
Support**

**Optimized
Logistics**

**Scheduled
Maintenance**
