

FOR IMMEDIATE RELEASE

Burke Acoustics to Showcase Innovative Product Range at Big5 Construct in Riyadh, Saudi Arabia

Riyadh, Saudi Arabia - Burke Acoustics, a pioneering name in cutting-edge acoustic sound absorbing solutions, is thrilled to announce its participation at the esteemed Big5 Construct event scheduled to take place in Riyadh, Saudi Arabia, from February 26th to 29th, 2024. The event will be held at the Riyadh Front Exhibition & Conference Centre, where Burke Acoustics will present its revolutionary product range aimed at transforming acoustic experiences in diverse environments.

Under the leadership of Managing Director John T. Burke, Burke Acoustics has consistently pushed the boundaries of innovation in the acoustic industry. With a commitment to excellence and a passion for delivering unparalleled acoustic solutions, the company has established itself as a leader in the field.

At the Big5 Construct exhibition, Burke Acoustics will exhibit a comprehensive range of cutting-edge acoustic products designed to cater to various industries and spaces. From architectural acoustics to noise control solutions, Burke Acoustics prides itself on offering versatile, sustainable, and high-performance products that redefine the way sound is managed and experienced.

"We are excited to participate in Big5 Construct and showcase our latest advancements in acoustic technology," said John T. Burke, Managing Director of Burke Acoustics. "Our innovative product range is a testament to our dedication to enhancing sound quality across different environments, and we are eager to engage with industry professionals and stakeholders at the event."

Visitors to the Burke Acoustics booth can expect to explore a diverse array of acoustic solutions that cater to the evolving needs of the construction and architectural sectors. The company's representatives will be available to provide insights, demonstrations, and personalized consultations to showcase how Burke Acoustics' products can revolutionize the acoustic landscape of various projects.
