is the  
**nature's perfection**

*The touch of nature to life*

## introduction

Adalya Marble Ind. Trade Inc. is one of the leading natural stone companies presents high quality and unique product range to its worldwide customers, with its developing organizational structure and technology, Adalya Marble exports, particularly the USA, China and European countries, to 52 different countries.

Our leading company in marble market running its facilities with its 5 plants located in Antalya Organizational Area, Finike and Korkuteli and showroom/warehouse located in Istanbul.

By granting prior rank to its factory investments in last two years, reached latest technology machine park by both modifying the machine park and purchasing new machines and doubled its production.

Adalya Marble promises continuous innovation, research and development to its customers with new products and practice flow. Based on this innovative understanding, our company has increased its power with Limestone Quarry in Finike, Cappucino Quarry in Korkuteli, Sofia Quarry in Elmalı, Adonis Quarry in Burdur and by opening Monte Bello-Dalya Grey-Armani in Isparta with 6 quarries in total.

Adalya Marble carries on its facilities accordingly to legislations of Occupational Health Safety, Environmental and Quality Management and makes investments with the awareness of importance of high quality service is vitally connected to quality management and makes its both customers and employers to gain this awareness.

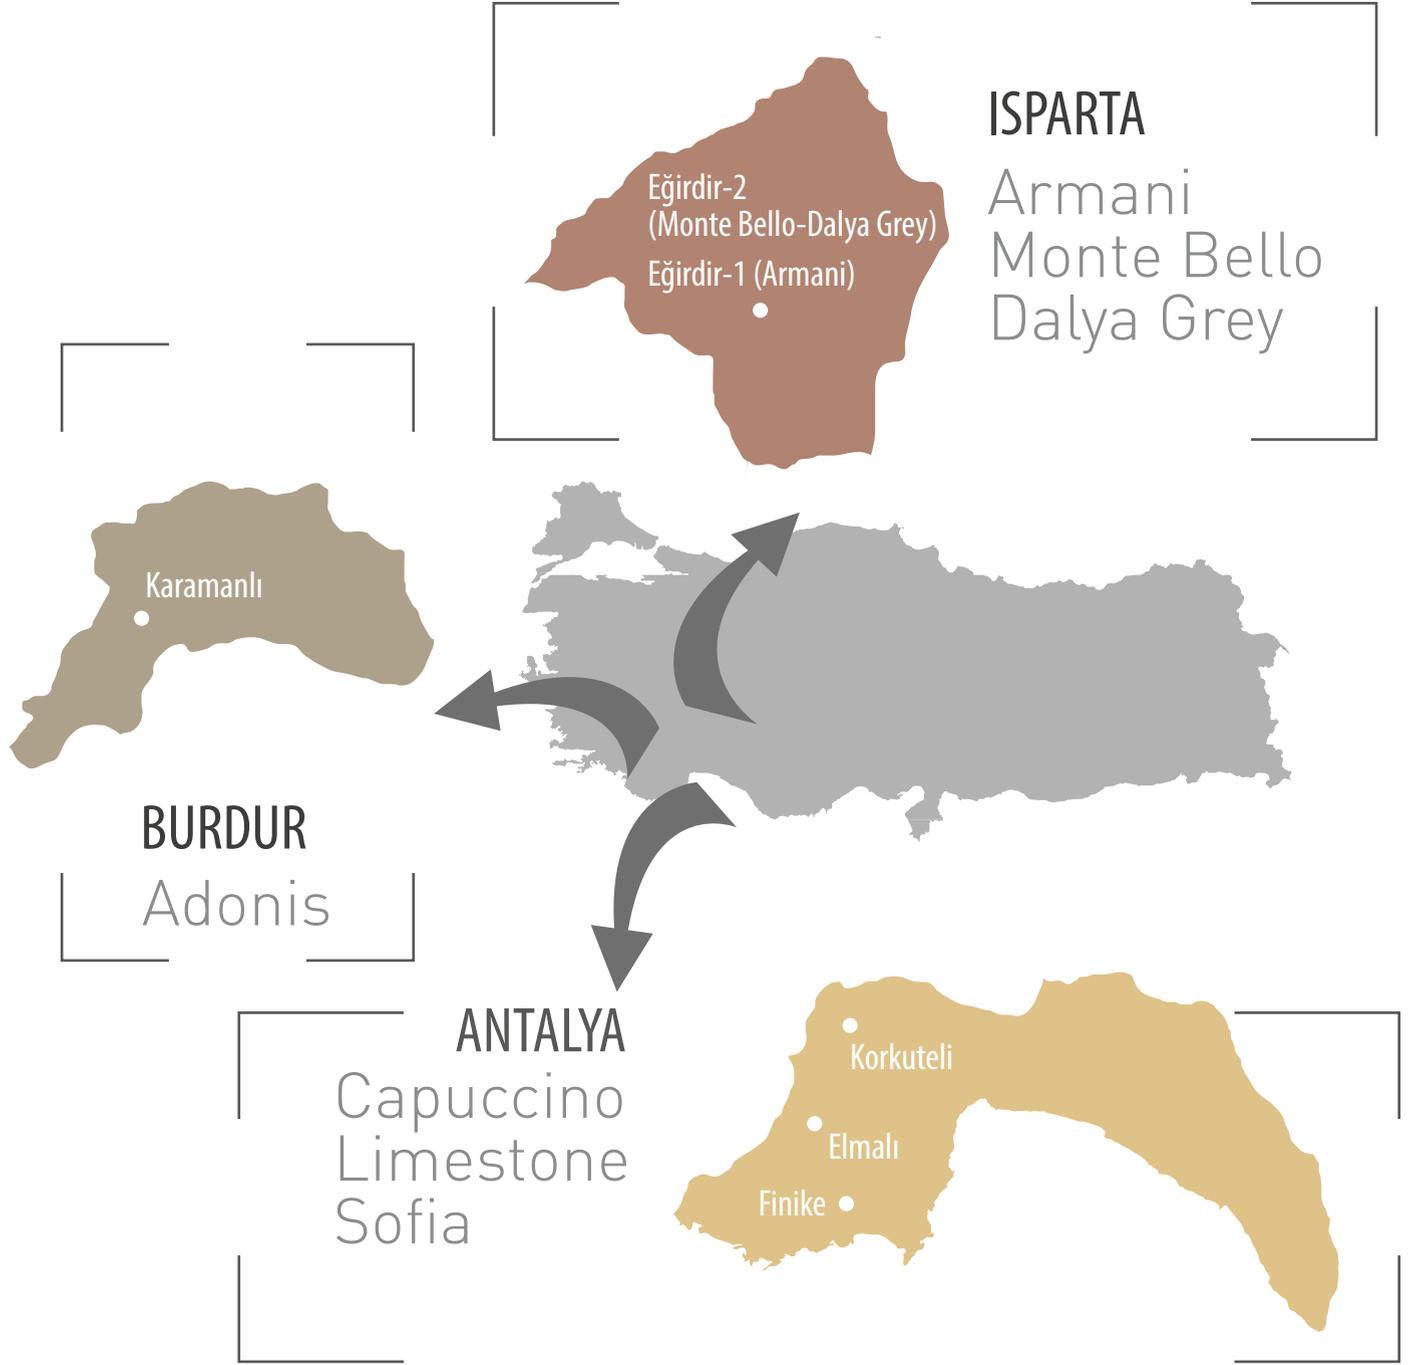

Adalya Marble, bounded to moral values, built its goals and targets on feasible level, has justified proud of its achievements reached on today.

With its young and dynamic management team, Adalya Marble takes place in several significant projects and carries on these achievements steadily in domestic and international market.
