GREENBOAR

Our proposal:

Make your company

**A little more competitive
and**

reliable

OUR MISSION:

We're at your service... to companies related to synthetic grass and gardening.

Our goal is to help with related problems to chemicals and adhesives.

So our customers are more competitive, generate benefits and solve situations, accessing new technologies and applications within the field of chemistry.

Flexibility and fast service, wherever it is needed.

Always maintaining a treatment that aspires to be excellent and active listening.

Our company is made up of a group of people who try to make a positive impact on their environment and who firmly believe that "selling" is **servicing** and **helping**.

YOUR BENEFITS :

The peace of mind of not having adhesion problems, ... Adhesive will hold longer than backing and joint tape. It won't be that "Achilles heel."

The confidence of having our team for the resolution of issues related to adhesion and chemical products.

The flexibility of an offer configured with tailor-made products.

TESTIMONIALS:

Our adhesive, applied on the edge of the football field in the new Real Madrid Stadium (Madrid-Spain)
