

ABOUT US

Concor is a place where highly efficient decora is made.

With a class leading technology we initiate the steps
towards modern products and its designs.

Spreaded internationally, Concor gives importance
to all clients from every corner of the world. We believe
in giving a care when making as same as caring for the
export process, that even unintentional damage can be
prevented of any cause.

For the uniqueness that our methodical team works,
always fall for not the recent but the futuristic development
in elevation & decorum. A dedicated family we gathered
of employees never leaves any customer in disappointment
and gives always better.

TECHNOLOGY

At Concor Tiles, we believe in maintaining the highest work ethics and standards in all aspects of our business. Our commitment to ethical practices is reflected in our production process, where we strive to minimize our environmental impact while prioritizing the safety and well-being of our employees and customers.

Our production process involves using the latest technology and advanced machinery to ensure high levels of precision, consistency, and quality in all our tiles. From raw material selection to the final product, each stage of our production process is monitored and controlled through a rigorous quality control system, ensuring that our tiles meet the highest standards of strength, durability, and aesthetic appeal.
