

ThermCoat is Faster, practical and economical compared to other methods

Suitable for all building materials

Concrete

OSB Panel

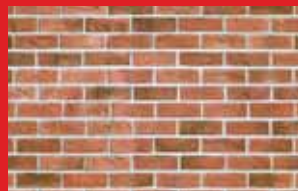

AAC Block

Metal

Drywall

Brick & Stone

SAVE MONEY

SAVE HEAT

SAVE TIME

NOISE CANCELLING

Provides a unique and monolithic thermal insulation without junctures and gaps.

UP TO
3 m²
Insulation

With 1 can of Spray Insulation Foam, insulation of an area up to 3 m² with the thickness of 1.5 cm can be ensured.

ThermCoat

THERMAL & ACOUSTIC INSULATION PU SPRAY FOAM

Perfect Choice For High Quality thermal and acoustic insulation!

Fast-Easy-Practical

Can be applied easily to uneven, hard to reach surfaces where it is not possible to use traditional insulation materials.

Provides a unique, monolithic thermal insulation application without junctures, seams and gaps

Yield up to 3m² with 1,5cm thickness For one layer

No need to use mechanical fastening elements after use

An innovative alternative to traditional building insulation methods

Excellent adhesion to all kind of building materials

Elimination of thermal bridges

Perfect Choice For High Quality Thermal and acoustic insulation!
