Aluminium Pivot Door System

## Schüco ADS 65 HD Pivot

The Schüco ADS 65 HD Pivot door system combines generous dimensions, effortless operation, and unparalleled elegance in motion and design, creating attractive transitions between indoor and outdoor areas. With its lateral rotating axis operation, it offers a striking opening solution. Its smooth rotation requires minimal force, ensuring a user-friendly experience. The integration of smart access control systems adds additional comfort. Moreover, the system accommodates an impressive weight of up to 500kg, making the Schüco ADS 65 HD Pivot door a luxury statement in both residential and commercial spaces.

### Schüco – System solutions for windows, doors and façades

The Schüco Group develops and sells system solutions for windows, doors, façades, sliding systems, security technology and sun shading. In addition to these innovative products for residential and commercial buildings, the building envelope specialist offers consultation and digital solutions for all phases of a building project – from the initial idea through to design, fabrication and installation. Machinery for fabrication and a 360° cycle of sustainability complement the range of products and services. With more than 6,750 employees worldwide, the Schüco Group strives to be the industry leader in terms of technology and service today and in the future. To this end, the company is always developing and testing new products and services for the entire building envelope, taking account of current market trends and standards. 40,000 fabricators, developers, architects and investors around the world work together with Schüco. The company is active in more than 80 countries and achieved a turnover of 2.28 billion euros in 2022.
